

PETITION

UPGRADE OF THE BOX HILL TRAIN STATION AND BUS INTERCHANGE

The petition of certain residents of Victoria draws to the attention of the House the fact that:

- Members of the community have a right to safe and reliable public transport;
- Many Victorians feel unsafe at the Box Hill train station and bus interchange;
- The train station and bus interchange are dirty, dark and general eyesores;
- Many studies have found that environmental design can reduce crime; and
- There is an urgent need to upgrade the Box Hill train station and bus interchange, not only to improve their aesthetic qualities but also to improve safety.

Your petitioners therefore request that the Legislative Assembly of Victoria:

- Calls on the Victorian Government to **fund an urgent and much needed upgrade of the Box Hill train station and bus interchange** to ensure that members of the community can access public transport in safety
